

V E S T A[®]

S T E E L S I D I N G

THE LOOK

- Vesta Plank in Ironstone
- Vesta Plank as porch ceiling and siding in Gilded Grain
- Fascia, drip edge and window trim in Black

- **HD3 WOODGRAIN**
HD3 is our patent-pending, high definition, tri-color paint application that captures light, medium and dark woodgrain details, creating a multidimensional and naturally accurate look that's engineered to maintain its color for a lifetime.
- **BEAUTIFUL FOR GENERATIONS**
Kynar 500[®] (70% PVDF) and Kynar[®] (50% PVDF), are a thermally-set paint system that creates a thick film barrier which provides excellent resistance against fade and chalking keeping your siding beautiful for a lifetime.

Note: Woodgrain colors have the Kynar 500[®] PVDF coating, and solid colors have the Kynar[®] coating.
- **VARIEGATED WOODGRAINS**
Six unique and harmoniously hand-drafted prints make up each woodgrain to create a signature style that looks good up-close and at a distance.
- **STRENGTH**
The 5" high Vesta panels combined with a thickness of 0.020" galvanized steel provides the necessary strength for a quality appearance.
